VITAL STATISTICS

for

1970

Printed Under the Authority of

THE HONOURABLE ROBERT WELCH, Q.C. REGISTRAR GENERAL

Digitized by the Internet Archive in 2023 with funding from University of Toronto

Foreword

I take pleasure in presenting the 101st Vital Statistics Report compiled by the Office of the Registrar General. This report is prepared in two parts.

Part I indicates the trend over the past years in the general state of health of the people of Ontario. Such general trends emphasize certain specific problems in the field of public health such as infant and maternal mortality and deaths from such diseases as heart and cancer.

Part II comprises detailed tables covering the various aspects of vital statistics for the Province of Ontario in 1970.

In conclusion, may I state that, while this report is primarily of interest to certain professions and agencies, it will give other interested persons an insight into the vital statistics concerning births, marriages and deaths in the Province of Ontario.

Q.C.

Robert Welch

Registrar General

SIR:

I have the honour to submit for your approval the One-hundredand-first Vital Statistics Report made in conformity with and under the provisions of the Act respecting the Registration of Births, Marriages and Deaths in the Province of Ontario, for the year ending December 31st, 1970.

I have the honour to be, Sir,

Your obedient servant,

H. J. Humphues
Deputy Registrar-General.

principles of the land of the

To The Honourable Robert Welch, Q.C. Registrar General of Ontario

[†]Rates not computed for less than 5 stillbirths.
*Previous to 1962 stillbirths of 28 weeks' gestation and over were registered. As of January 1962 stillbirths of 20 weeks and over were registered. For the years 1962-1965 figures for 28 weeks and over may be obtained from Table 22 in the reports for those years and for 1966, 1967, 1968, 1969 and 1970 from Table 12.

Infant Mortality

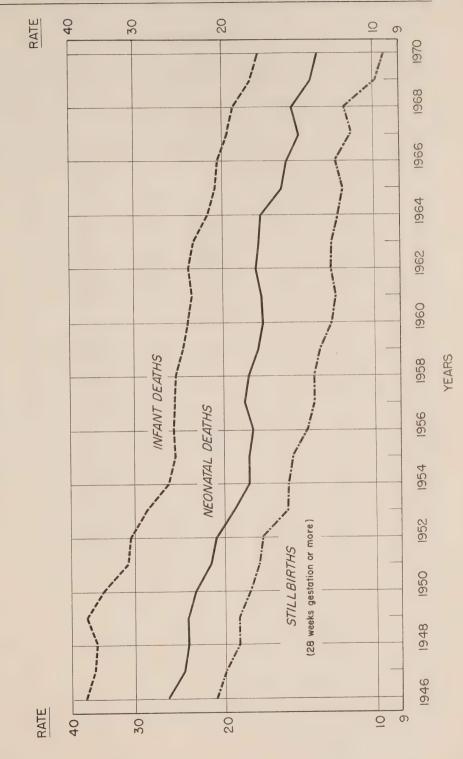

Shown in Table I are the numbers of infant deaths by age at death over the ten-year period 1961 to 1970. The steadily decreasing neonatal and infant death rate and the stillbirth rate are shown in Chart 3.

TABLE I INFANT DEATHS, BY AGE AT DEATH, ONTARIO, 1961-1970

General Mortality

The trend in general mortality over the period 1946 to 1970 is shown in Table K. Tables L and M illustrate the general mortality by age and/or cause. A special detailed table for cancer by sex, age-group and sites affected is shown in Table N. Special cross classification of accidental and violent deaths is shown in Table O.

^{*}The increase in the number of divorce statements filed by the Registrar General reflects the change in divorce legislation.

Changes in Municipalities Effective January 1, 1970

REGIONAL MUNICIPALITY OF NIAGARA

New Municipal Name if Applicable	Area Transferred
Town of Lincoln	Town of Beamsville
TOWN OF BIRCOMMINION	Twp. of Clinton
	Part of Louth Twp.
Town of Fort Erie	Town of Fort Erie
	Twp. of Bertie
	Village of Crystal Beach
	Part of Willoughby Twp.
Town of Grimsby	
	Twp. of Grimsby
City of Niagara Falls.	* 0
	Village of Chippawa
	Portions of Twps. of Crowland, Humberstone,
	Willoughby
Town of Niagara-on-the-Lake	Town of Niagara
	Twp. of Niagara
Town of Pelham	Twp. of Pelham
	Village of Fonthill
	Part of Twp. of Thorold
City of Port Colborne	Portion of Twp. of Humberstone
	Annexed to City of Port Colborne
City of St. Catharines.	Portion of Twp. of Louth
	Annexed to City of St. Catharines
Town of Thorold	Portions of Twps. of Crowland and Thorold
	Annexed to Town of Thorold
Twp. of Wainfleet	Twp. of Wainfleet
City of Welland	Portions of Twos of Crawland Humbouters
	and Thorold
	Annexed to City of Welland
Twp. of West Lincoln	
	Twp. of Gainsborough
	Twp. of South Grimsby

PART II Detailed Tables, 1970
